FOX CITIES AMATEUR RADIO CLUB

HAMFEST 89 A SUCCESS.....

. A very special thank you to all club members and interested others who helped make our HAMFEST 89 a success.

In spite of bad roads and lots of snow, many of our dedicated members helped set up Friday evening and got things ready for Saturday morning.

A special THANK YOU to Mary Seieth, Pat Baker and Carol Van Der Burst for preparing food, chasing for supplies and tending the store all day.

A special THANK YOU to Larry Seibers and the dedicated team of examiners who make possible such an important service to our hamfest. We should all be proud that we have a team such as this that provides this service for our club as well as assisting other clubs. This is so important in helping new radio amateurs get their start and making it possible for some of the established amateurs to accomplish that upgrade.

Special thanks to Ron Pohlman and Gary Smith and their team of admission specialists, Wayne Pennings, Don Baker, and the Wes and Harry show and some other team mates at the club table. Wayne your special effects on the computer was pretty darn neat.

Thank you to Rick, Dave, and Jim who manned the call in station.

Our hats go off to the men who put in that real extra effort in organizing and presenting the forums. Our attendance may have been down from what was expected because of the weather but that kind of work, beyond the call of duty, is what sets our hamfest heads above some others we have all attended. Thank you Dale Mitchler, Mike Ortlieb, Bob Dunn and Denny Rybicka.

And to the many others of you who, in spite of the snow and discomfort, managed to help set up, clean up and close up, thank you. Our club could not function without the combined efforts of so many. I, for one, am looking forward to the fun and excitement of "Hamfest 90".

Myron Jackson (WB9BBI) house chairman.

The Fox Cities Amateur Radio Club would like to thank the following Companies for their contrubitions which made the Fox Cities A.R.C. Hamfest 89, that was held on March 4, 1989 a sucess in spite of a snow storm the day before. Again, Thank You Very Much.
