AUG. 1989

A	FOX CITIES AMATEUR RADIO CLUB	A
R	(SPECIAL SERVICE CLUB)	R
R	-----	R
L	CLUB STATION "W9ZL"	L
	318 EAST BREWSTER STREET	
	APPLETON, WISCONSIN 54911	
	ARRL CLUB NO. 2132	

NEXT MEETING WILL BE MON. AUG. 21, 1989

*****1989-1990 BOARD*****

PRESIDENT:	MYRON JACKSON	WB9BBI	739-9680
VICE PRESIDENT:	DON BAKER	NB9J	766-3886
SECRETARY:	HELEN BORREE	WD9CYW	725-1331
TREASURER:	LES PARDEE	KA9MPP	766-1750
MEMBERSHIP CORD:	JIM SHEETA	K9OQO	739-7695

The July 17th meeting was called to order at 7:00 by Myron Jackson WB9BBI. The meeting was held at Roosevelt Jr. High School.

APPROVAL OF MINUTES: MINUTES WERE READ AND APPROVED.

TREASURER'S REPORT: (Balance) 1,948.33 as of July 17, 1989
plus \$565.00 in special Hamfest account

*****NEXT MEETING WILL BE AUG. 21, 1989*****

INFORMATIONAL ITEMS

VOLUNTEER EXAMS; Larry KD9IA reported testing results of July 15th 1989. Thirteen candidates showed up; 1 Novice 4-Techs 1-General & 1-Extra. Certificate of Completion, 3B General written (2) 4B Extra Written (1). Club Members who upgraded were; KA9FZP Gary Derksen to Tech Martha Schmeichel to Novice Congraduations to Both of you. Examineers present: KD9IA, KA9MPP, W9OUT, K9DHR, KA9MSR, W9MDP & WB9BBI.

EMERGENCY COMM: Wayne WD9FLJ wants to thank K9DAF for a donation of a Mast for the Red Cross Station. A Welcome to new ARES members.

NON*EMERGENCY COMM: Don NB9J would like to thank the following people for helping with the Venetian Boat Parade:

N9FZL Cathy	KE9MV Ron	W9TA Dick
ND9Z Gary	WD9FLJ Wayne	N9HOS Andy
KA9TGR Bill	KD9IA Larry	
WB9QFX Dan	NB9J Don	
N9ALF Rick	W9NWY Dave	
KA9NNI Dave	WB9BBI Mike	

Don would also like help at Appleton Papers Locks Mill at the open house on the 23rd of Sept. He'll need 12 or more. If you can please let him know.

HAMFEST: Don NB9J reported nothing till it gets closer.

E. A. A.: Wayne WD9FLJ showed a very good video of Field Day 1988 of E.A.A. He will have a QSL party on Wed. Sept. 13th at Roosevelt Jr. High. Anyone who can help please come. Yours truly went out to EAA for two days and it sure was fun. We were getting alot of contacts. A big Thank You to Wayne for another Super Job this year.

FIELD DAY: Wayne WD9FLJ and Rick N9ALF reported we scored every Bonus Point we could. It started out slow but, then got better. They would like to thank everyone who helped:

WB9BBI	WD9CYW	KB9BTP	WB9ZNA	WD9HID
WB9OJE	KA9MSR	WB9ELH	KA9NNI	WD9GRL
WD9FLJ	N9DCW	NB9J	N9FZL	GARY VAN RYZIN
W9OUT	K9DHR	KB9BYQ	KN2P	
ND9Z	W9PKT	W9NWY	N9ALF	
KA9GOU	K9DAF	N9GRX		JANE

NEW BUSINESS: The Home Brew went over good. We Thank Dan AC9E and Hal NQ9F for there home made radios. If anybody has any home brew please bring it to the meetings.

The Board would like some ideas of what you would like for programs at the meetings. Some like only ham stuff but that is hard to do sometimes. If anybody would like to help us plan programs please give us a call.

Members present at the July 17th meet were:

KB9AIT	KD9IA	KE9MV	KB9BYP	KA9YYR
WA9GON	WD9FLJ	KA9JAC	N9FZL	KA9EZP
KA9VEM	KB9ABP	KB9BYQ	WB9OJE	W9NWY
NQ9F	N9ECS	KA9RKV	K9DAF	WAØTLN
KB9GI	N9CSG	AC9E	AA9A	KE9QN
WD9CYW	KA9MPP	K9OQO	N9IKP	N9AYN
WB9BBI				

THE NEXT MEETING WILL BE AUG.21st 1989, S ee YA ALL THERE

RESPECTFULLY SUBMITTED:

HELEN BORREE WD9CYW, SECRETARY

MIKE'S MIC.

Another month has passed and what a busy month it has been. Lots of hamming activity as well as traveling and vacations. Another few weeks and we'll all be back in the routine of a somewhat more regular schedule.

I want to make a three comments in regard to the survey that has been passed out to club members the past two meetings. It appears that the club has been doing the kinds of activities that most club members would like, but there is always room for more dialog. The helpful suggestions that some of you made will help to make the club meetings interesting and more colorful and provide for a greater involvement of those members in attendance. Thank you for your input.

(1) The upgrade sessions idea seems to be one area that quite a large number seem to favor. We'll try to put that together in the fall and hopefully a number of inhouse hams will consent to expound on some of the tougher topics. As mentioned Monday night, the first series will concentrate on upgrading to the 'general' level. More details in September.

(2) Club meeting programs were also an area of concern. Members agree, for the most part, that we should have programs and they should center around some aspect of ham radio. The biggest problem though, is finding those people who will present. There are a few people in our community who might consent if asked, but who are they? If we want 'experts' in ham radio, we probably have those people within the club already. Just possibly some of you would be willing to put together a program for one of the monthly meetings. If you are interested just let me know and we will get your topic heading in the agenda. On the other hand if you know of someone who would present an interesting program let any board member know and we'll make the contact if you like.

(3) We are going to try to continue the homebrew table as was set up at the last meeting. Special thanks to Hal and Dan. I know that many of you are involved in various phases of hamming and hopefully you will share some of that enthusiasm. Don't be shy about your special talents. Don't be afraid to show off some of the kinds of varied projects in which you take interest. QSL displays, antenna variations you've experimented with, gadgets or circuits that do something special, maybe a collection of RTTY pictures, or a dozen other things related to ham radio. Give me a call if you would like to display something and I'll set up a schedule so as to spread these interesting displays through out the year.

Next month we'll take a look at a few other ideas.

Mike WB9BBI

The 1989 National Boy Scout Jamboree will be held at Fort A.P. Hill, Virginia. This will be the 12th National Scout Jamboree. They expect 34,000 scouts and leaders to be at the Jamboree which will run from August 2 through August 8, 1989

K2BSA will be on the air each day being operated by a staff of 40 licenced hams. Schrduled Jamboree frequencies are the following: on SSB
3775, 3940, 7185, 7290, 14185, 14290, 21285, 21360,
24960, 28350, 28650 Khz.

For more information contact Dave W9NWY, John KA9NTO or Wayne WD9FLJ.

QSL via ARRL.

From: K9XI@AF9M
To: ALL@USA

THE ENGINEERING COMMUNICATIONS TECHNOLOGY ACT OF 1989

Apparently the land mobile industry has decided that going through the FCC to steal Amateur Frequencies is costing them too much time and too much money. Therefore, they allegedly intend to short circuit the process and try to steal our spectra with the aid of the Congress. We now know how they intend to go about it.

The office of the Subcommittee on Telecommunications and Finance is in the process of drafting a bill (no number yet) entitled "The Engineering Communications Technology Act of 1989". Though we do not have the draft in hand, and the Congress isn't releasing it now, we understand that under its provisions, the Congress is mandating that the NTIA or the NCS (National Communications System), provide a list of spectra, which the military and other government services are holding in reserve and either not utilizing or underutilizing at the present time. From what we are told this includes everything from DC to about 10 GHz, and specifies that the list of 'available' frequencies be prepared by the end of one year from enactment. From that, the Congress, is expected to choose some 200 MHz for reassignment to commercial interests (lead that 'the land mobile industry').

Why we should be concerned: What we suspect is that the frequencies which will be opened up for such reallocation includes all ham bands above two meters, since all of these are utilized by Amateur Radio on a shared basis with NTIA, NCS, or both. We suspect that this legislation can and will lead to wholesale removal of all Amateur VHF and UHF spectra above 2 meters (2 meters is the highest frequency on which we have as an exclusive, non-shared allocation).

If such occurs the losses would be staggering, and we would never be able to operate above two meters again. Even the so-called 'exclusive' Satellite bands at 435-438, and at 1.2 GHz would be removed from service. Novice Enhancement would be destroyed in the process.

WHAT YOU CAN DO: The person to write regarding this proposed legislation is Congressman Edward Markey (D-MA). In your letter, please SPECIFY that, when the bill is introduced, it must EXEMPT the Amateur-utilized spectra from being targetted for reassignment to commercial interests. For now, this is the only way in which we can act on this issue, and it is the best way, because if we don't get these assurances now, and make SURE they stay in place through possible passage, the outcome of 87-14 will be moot, and it won't be just 220 we lose!

Thanks to Kermit Carlson W9XA, and to Bill Courier of the subcommittee on Telecommunications and Finance for their help in the preparation of this article. ---220 NOTES/Chicago

This is a group of three messages that should be of interest to the info-hams readers. If these persons are confirmed we will have more raids on our spectrum. PLEASE HELP FIGHT POLITICAL PAYOFFS!!!!
Donald R. Lee N5IHE

Message #1

*** URGENT!!! ALL AMATEURS MUST READ!!!! ***

Monday, June 19, 1989--We have received word that Sharree Marshall has been nominated to the Federal Communications Commission.

Sharree Marshall is now an employee of the law firm which represents UPS in that firm's so-far successful attempt to remove 220-222 MHz from the Amateur Service for misuse by the land mobile industry. As such, Ms. Marshall is seen to be very prejudiced in her views for the land mobile service, to the exclusion of all other services which can't 'pay their way', especially the Amateur Service.

If Ms. Marshall is confirmed by Senate, it can be well, assured that Amateur Radio will have a very powerful enemy in its rule-making agency at a time when we least can afford it. Why? Because this is not the last grab to be attempted by the spectrum thieves against Amateur spectra. As of Friday, June 16, we understand that there are two more Petitions poised to take away Amateur bands, one against 902-928 MHz, the other against 420-450 MHz. And look for some of the low bands to be struck after that!

It is incumbent upon EVERY Amateur, whether he or she is active on 220 or not, to oppose the confirmation of this nomination. WHY that must happen is this:

Should Ms. Marshall receive confirmation in the Senate, it will be a much harder and more costly fight to keep those bands from also being stolen.

Now, HOW can we fight Ms Marshall's nomination? The answer is two-fold.

First, you must write to each of your Senators and demand that the nomination not be confirmed. To do otherwise is to inflict the stigma of a double-standard where the subject of conflict of interest is concerned. Remember that the Senate very recently rejected former Senator John Tower under very similar circumstances. Do do otherwise with Ms. Marshall can be seen as nothing other than a double standard, or worse, hypocrisy.

Second, the 220 NOTES Newsletter is attempting to organize marches on all Federal Buildings in the country to protest both this nomination and the outcome of Docket 87-14 in cities around the country. We intend to attract the national media and we intend to make THEM bring out the conflict of interest issue as well. If the media can investigate John Tower they can also do it in this case as well....and they should!

Watch your packet bulletin boards (or have your packeteering friends watch for

you) for more information. Things are moving too fast for 220 NOTES to keep up in print. The Marshall nomination must be stopped for the future of Amateur Radio, but time is of the essence. Feel free to call the 220 NOTES phone line (815-485-7388) to either offer to help or to get information on our progress. We need your help, your prayers, and a lot of luck, but together we can win this one.

HELP SAVE HAM RADIO---DEFEAT SHARREE MARSHALL FOR FCC COMMISSIONER!!!!!!

Message #2

President Bush has nominated two new commissioners to the FCC. They are Andrew Barrett and Sherrie Marshall. Barrett is a member of the Illinois Commerce Commission, and is expected to be in favor of more deregulation. Marshall is a Washington, DC lawyer. She was formerly a lobbyist for the FCC and the White House.

Message #3

WB8ICL is right-on in suggesting that each Amateur write his or her Senator and urge the appointment of Ms. Marshall as Commissioner of the Federal Communications Commission be rejected. I would suggest one slight modification.

The White House has recently sent to the Senate nominations of two individuals as Commissioner, Ms. Marshall is one of the two, and is also preparing to send up the nomination of a new Chairman. Each Amateur should write and/or call their Senators requesting them to ask the following question of each nominee:

"If confirmed will you, as your first official act, vote to rescind the Commission's action in Docket 87-14 removing three-fifths of the spectrum previously allocated to Amateur Radio Operators in the 220 MHz band and used by them for vital Public Service and experimental services?"

If ANY of the nominees refuses to commit themselves to act in the public interest, by taking this step, the Senate Commerce Committee and the full Senate should reject the nominee as UNFIT TO SERVE.

... Joe AD8I @AD8I
