ADDITIONAL:

ROBERT C. RONK KB9ABP A MEMBER OF THE FCARC IS NOW A SILENT KEY.  
HE DIED ON FRIDAY MARCH 9TH. HE WAS THE FATHER OF BOB RONK KB9IE.  
PLEASE REMEMBER HIM AND HIS FAMILY IN YOUR PRAYERS.  
MEMORIALS MAY BE DIRECTED TO THE STOCKBRIDGE METHODIST CHURCH.

Mike's Mic

Another month has passed already and not without a few highlights in ham radio for the FCARC. The big club function of the month was of course, the hamfest. The day at Sabre Lanes was successful in many respects, and following true to form, took place under a new and fresh blanket of snow. In spite of the snow and slippery roads many hams, young and old, found their way to the fest and managed to have a good time.

A big thank you to Don NB9J, and the committee people who assumed the responsibilities of organization, and also the club members who spent the day working in various phases of the function. From all reports, the facility seemed to be a pretty good place for a hamfest. Next time, however, we'll try to improve the menu, lighting, sound, and a couple of other things, but in general the place was satisfactory. Some of you might have comments that have not been expressed as of yet, and I'll be anxious to hear them.

A big thank you to George and Larry and the rest of the crew who administered the tests. The numbers of people taking the test was high and the success rate pretty good. There is without question, and in spite of what Wayne Green might say, interest in becoming hams and interest in upgrading. Thank you also to all of those fellow hams who are members of the volunteer team who spent most of their day in the testing room.

I think we had a good mix of vendors and a typical mix of fellow hams with items to sell and trade. I found a few bargains and it appeared that others also found a few items they needed. Many of our new novices and many of the current novice students were there to see how hamfests operated and were impressed with the whole affair. I am sure many of them will be back seeking pieces and parts and that old fellowship that we as hams enjoy.

Special thanks to all those hams who helped make our last club meeting a success. A number of interest areas were explored and I know of at least two small interest groups that were formed to develop some special phase of ham radio. Thanks to Randy KZ90 from Green Bay for the demonstration on ATV. There seems to be some interest in our club and hopefully we'll begin to get some reports of ATV in the Fox Cities. Thanks to Earl WSRNH and Dan ACSE for sharing with members some of their special interest in ham radio. These also generated some small group activity and hams again have an opportunity to develop in some special way through the interests and sharing of ideas of fellow hams.

This past week members of our club met with members of the Green Bay club and are in the process of planning some joint activities this summer. We look forward to meeting our friends to the North and share some ideas about ham

radio as well as some good old fashioned socializing. As our Plans develop and activities and dates become firm, information will begin to appear at the meetings and in the newsletter.

We were all saddened with the Passing of Robert Ronk KB9ABP this Past week. Our heart felt sympathy goes out to his family and friends. We will miss seeing Bob's smiling face at the club meetings.

Thanks to all the club members who have been so active this Past month. We'll soon need to find a bigger Place for the meetings or more chairs. Thanks also to all of the club members who continue making comments as to improvements in club meetings and functions. It is only through your continued interest and involvement that our club will continue to grow and develop. Thank you.

Mike (WB9EBI)
