The July 16th meeting was called to order at 7:00 by Myron Jackson WB9BBI. The meeting was held at Roosevelt Jr. High School.

APPROVAL OF MINUTES: MINUTES WERE READ AND APPROVED.

TREASURER'S REPORT: (BALANCE) 2,307.46 as of July 16th 1990
PLUS \$550.00 in special hamfest account.

PROGRAM FOR AUG. 20th MEETING WILL BE: BRUCE HANNEMAN--HAZARDS OF ELECTROMAGNETIC RADIATION.

*****NEXT MEETING WILL BE AUG. 20th 1990*****

IMFORMAL ITEMS

VOLUNTEER EXAM: Testing session will take place at Madison Jr. High 2020 S. Carpenter, Appleton, Wi. Check in at 8:15 and Testing to begin at 9:00 A.M.

NON EMERGENCY: Martha reported on the Great River Raft race. People who helped with the Raft Race were: Wes W9PKT, Jerry N9AYN, Jack KA9JOL, Bob WD9HID, Pauline WD9GRL, Mike WB9GGI, Josh KB9DYF, Martha N9JAD, Terry KA7TYS. Thank you to all of you people.

These people also helped with the Boat Parade on July 4th: N9FZL, W9NWX, WB9BBI, WD9FLJ, KD9IA, WD9HID, KB9BYP, WB9QFX, WB9GBG, ND9Z, N9JAD, NB9J. Thank you to all of you for a great job.

HAMFEST: The Hamfest will be held on Nov. 3rd 1990 at the Starlite Club in Kaukauna, Wi. For reserving tables call Don Baker WB9J.

E.A.A. OPERATIONS TOOK PLACE on July 27 to the 31st. I don't have any information on how many contacts were made but will be in next letter. DON'T FORGET THE QSL PARTY TO BE HELD ON AUG. 27th AT ROOSVELT JR. HIGH. COULD USE A LOT OF HELP FOR THIS.

FIELD DAY: Rick N9ALF reported that the location wasn't bad. They had a Big Bus and a Camper to operate from. There was a fair turn out of operators. Thank you to all who operated and also for the chair-persons of this event.

Jerry N9AYN reported on the VHF association meeting. It was very good and alot of people showed up. They discussed the 533 repeater and also auto phone patch. Membership cards will be sent out. If you would like to join the VHF association you can send dues to Keith Wickert- 825 Windfield Pl. Appleton, Wi. 54911.

Jack KA9JOL gave a report about County Hunting. There are 3076 countys you have to get. They meet on 14.336. He'll talk on this latter on. It is a very fun hobby.

NEW BUSINESS: Mike WB9BBI checked on the price of Jackets, they cost about \$36 and \$12 for the stitching. If interested in getting one get in contact with Mike.

WE WERE VERY SORRY TO HEAR ABOUT HUB'S W9OUT WIFE PASSING AWAY. HE SENT A CARD OF THANKS FOR THE FLOWERS. CARD WILL BE ON THE BULLITIN BOARD FOR ALL TO SEE.

WELCOME TO ALL NEW MEMBERS

CHARLIE BANKS	K9IS	RUTH BANKS	KB9RB

NEXT MEETING AUG.20, 1990

RESPECTFULLY SUBMITTED,
HELEN BORREE WD9CYW
SECRETARY.

**

Wow, here it is August already. Where did the summer go. Seems like it was just two months ago that we were Planning the June meeting and now its August. Boy how the time flies.

Did you enjoy the E.A.A.? Many thanks go to Wayne and his crew for Putting together another fine event. Three stations on the air for most of 5 days is no little accomplishment and without the help of all of you fine fellow hams it would not have happened. The final number of contacts I am sure, will be announced at the club meeting on the 20th, and there were a goodly number. More important, though, it seems to me, was the spirit of the event. The number one goal was not to crank our a big total of contacts, but rather to help spread good will and some information about the E.A.A.. In light of that it was a great success. Thanks Wayne for another great event. If you didn't get a chance to get down there and operate, consider it for next year, it was lots of fun.

On a sadder note. We all express our sympathies to Hub Gerand and his family on the Passing of Hub's Wife. Our Prayers are with you and yours.

A reminder is in order for the Joint FOX CITIES, GREEN BAY 1st annual corn roast to be held in Appleton on August 18th at Tululah Park. The Party starts somewhere around noon and continues untill everyone is full of corn and all of the other goodies. Bring a dish to Pass. Soft drinks will be furnished by the clubs. We are looking forward to a good turn out and hope that you will come for lunch even if you dont care to hang around and chew the fat.

Many fine comments were expressed relative to the fine Program put on by Miller Electric at the last club meeting. John Yost Presented interesting information as to the history of Miller company, and also the nuts and bolts of what makes a welder work. We all found that our knowledge of electronics helped us understand some of the more General theory of this specialized area. Many thanks to John.

As to the August meeting. If you didn't notice in your calender of events, our Program this meeting is about the hazzards of Electromagnetic Radiation. Any of us who holds an antenna a few inches away from our brain when we transmit might consider whether or not it is frying. Many of us have done that for years and don't seem to be much the worse for where were ware wear, u no wht i meen. Nuttin wrn9 hear here. There are interesting stories about Power lines and sub stations but our main concern is Probably as it relates to our hobby and our health. Feel free to bring a friend.

Anyone out there have a spare HF rig to loan to a new ham??? One big Problem with getting new hams licensed is finding equipment for them. I asked at the last club meeting if anyone might be interested in being an Elmer to some new hams and didn't hear one word of response. I hope there isn't the attitude "you got em, you take care of em". One of our functions as a Special Service Club is to instruct Prospective hams and work with them in becoming good hams. I need your help! OUR classes may be doing more harm to new hams than good if we forget about them once they've gotten their license. The school station will be going great guns again this school year with a Packet station on VHF and two HF stations but with many new hams, radios are needed at their home QTH. If you can help Please tell me and I'll do what ever I can to get things going.

Novice Classes will start Tuesday, Sept 18th at Madison Junior High. Once again I will make an appeal for anyone who would like to help with the instruction. If you would like to take the code portion or a part of the theory or some other segment of your choosing, you are welcome to get involved. Remember this is a club function, not a W9BBI function. I will do the advertising through the school and ARRL, and a note in the Bargain Bulletin will get to many Prospective hams in the community. Many thanks to those of you who attended the meetings last year. A different voice or a different Perspective on topics is a welcome change.

Many thanks to Martha N9JAD, BOB WD9HID, DON N9SJ, Dave W9NMY, for their leadership roles in organizing the communications at events this summer where communications were needed. Thanks also to the many of you who worked at bike-a-thons, city Parades, boat Parades, boat races, bike races. Without our service there would be lots of confusion and certainly a higher level of risk to those participating. On behalf of the FCARC, thank you.

Check your calender for the auction coming up in September. A number of other clubs have been invited and it should be a good turn out. Last year was fun and hopefully this year we'll have more stuff and things and maybe some old and not so old radio equipment. Start digging around in the boxes and bins and find those old goodies you'd like to exchange for a nickel or two.

Well thats it. Keep hammin, keep hummin, keep those bugs and keys strummin. Keep crunin, keep Prunin, keep those knobs atunin. Hammin's a blast, with best friends that last, and radio keeps us from bummin. You've been early or late, you used to be last before, but with me your first at last.

Mike W9BBI
